

Where We Are in Time and Place

Central Idea:

People have devised ways to make sense of the earth and its environments

IN THE CLASSROOM

Unit Of Inquiry:

Mapping time!

The year 6s have been have been playing the cities Mr. Glover learning how to world was only live in different of one-hundred which It is such an the unit year 6 will be find how many points there are 360 degrees

doing some geography for their unit of inquiry. We games like the first one to tell the coordinates of one of says wins. We have also been drawing maps. Year 6 is understand an atlas. We have been pretending the one-hundred people and showing how many people places. For example, one little man lives in Oceania out is the same as 32,644,000 out of about 7,000,000,000. interesting unit. In this reporters opinion at the end of experts on the earth. Year 6G had a challenge to try and there are on a compass. The answer was 360 because on a circle.

Camera

This week year6g has a video camera. The students were very excited that there was a video camera but when the video camera came the children started to become silly and pulling faces. The purpose of the camera was to learn and improve our behavior.

Maths:

6G loves Maths!!

In year 6G we are changing decimals into fractions then to percentages. We learned two methods; some of us usually do Mr. Glover's method and some do the other one. The easier one is Mr. Glover's.

Let's play some BATTLESHIPS!!!

We also learned a new game called Battleships. First we drew two 10x10 squares and then we wrote the letters from A to J horizontally under both the squares then we wrote the numbers from 1 to 10 vertically next to both the boxes. Then we placed the ships on the square on the left and after that we started playing. In this reporter's opinion Battleships is a good game to play because it links to both maths and the Unit of Inquiry. "Battleships is a fun game," said Essa. You can play it in pairs and it is really fun. In the opinion of this reporter math is really fun and helpful. "Did you enjoy this week of maths?" Malak asked "Yes." Latifa answered.

The Fantastic Flying Journey

Year6 in ISLQ is reading a book because it is about the new Unit. The book is called The Fantastic Flying Journey. After every chapter or when they stop reading the book year 6 need to write a report on what they just heard. In this

reporter's opinion I think it is very cool to read this

book. "The book is very interesting and now I learned more." said Sam. Mr. Glover tells us to sit on the carpet, and he sits on his chair so that everybody can hear. 'I think it is a good idea; but the thing that I like the most

© www.ClipProject.info

is that you imagine the picture that Mr. Glover is reading about!' said Marzia.

Events

In Yr6

Last Week:

We had assembly and Mr. Spragg said to do something nice for someone every day. We got into pairs and discussed with each other what kind of things we could do. We have to make others feel good every day.

Events

In ISLQ:

Last week:

Last week all the after school activities started. Some of the activities are "Girls on the Go", netball, basketball, crafts, choir, recorder, and sailing. We have

activities every year because it is very fun playing different games and learning how to play them. It is also fun because we get to play with our friends for an hour. Sailing is a new

activity this year and we have to pay 1000QR. It takes place at the Intercontinental Hotel on Thursdays.

Last week:

Last week was the AFC Asian Cup's first week in Qatar. Qatar has been doing awesome in the Asian Cup even though they lost against Uzbekistan in their first match. Saudi Arabia, the 3 times champion in the Asian Cup, has been taken out because they lost the 3 games they played but they tried their best to win.

Events

In Yr6

This Week:

Yr6 volunteers to help raise money to educate a child - This week we had a meeting for the Haiti committee. Our first event will be a pizza day. Four of us are going around classes to ask students how many slices of pizza they want and what type. The money is going to be sent to Haiti to a school to help educate a child. The students on the committee are Linn, Bedour, Shamma, Leah, Rania, Lana, Salma, Sareth, Malak and Mirna. We are learning to take notes and not to plagiarize which is copying others work or stealing ideas. We did it with Miss Denise who taught us how to put the information in our own words. We read a paragraph 2 times and then hid it and wrote what we read in our own words.

Yr6 is also going to a rounder's tournament at Doha English Speaking School (Dess). There are 9 players in a team and 2 subs. They are Sam, Essa, Michael, Sareth, Asma, Lana, Amatallah, Chaima, Talhah, Yasmina (y5) and Maize(Y4). Hope we do well this time!

This week:

CONGRATULATIONS QATAR

The Asian Cup is happening and a lot of people have gone to the matches. And these are the countries that are in the quarter finals for the moment: Qatar, Japan, Uzbekistan and Jordan. This week Qatar won Kuwait 3-0 and we wish all of the teams great luck. They played on the 16th of January and on the 20th Qatar will play South Korea.

There is a soccer street challenge at Aspire Park on the 23rd of January from 3pm to 9pm.

Events

Next week:

Friday the 28th January 2011 is Adoption Day and you can come and adopt a homeless dog or cat. The place is Pampered Pets Kennels and it is from 12:00pm until 4pm. The phone number is 66184924 if you want to know more about it.

The Republic Day for India is on 26th January and we have big parades and marches on that day. The Prime Minister of India will raise the flag in Red Fort in New Delhi. There are a lot of celebrations around India for this day.

REMINDERS:

It's still important

These days there is barely any sun but that does not mean that you shouldn't bring a hat to school. Hats are important in school.

P.E. Kits

Please make sure your son/daughter wears their P.E. kit every day they have P.E.

Water

Water is really important for the human body so please bring water to school every day.
